HOW TO SET-UP A FREQUENTLY DIALLED NUMBERS REPORT

You want to know how many calls were made to each number dialled, or the dialled number with the highest duration, or with the highest cost.

Go to Reports>Report Setup

Select the Dialled No Base Report if you have one – if not change report type to Dialled Nos.

Select the time frame you want, and the relevant pbx.

Make sure you are only looking at Outgoing calls.

Select [Report Fields]

Select what you want to sort the report on:

- Total Number of calls
- Total Duration of calls
- Total Cost of calls

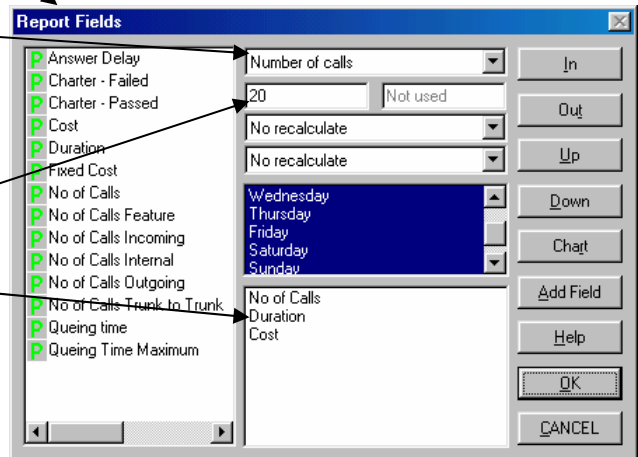

Type in the number of lines you want in the report – in this case top 20 lines

The fields to have in the report should be:

- No of Calls
- Duration
- Cost

Click [OK]

In the Report Setup window, select [Run].
